## HOGAN MAKES A REPUTATION

Fred Hogan, known as "one-round" Hogan, defeated Johnny Frayne at San Francisco on the 17th inst., in a battle lasting the full term of twenty rounds. In commenting on the bout Wm. J. Slattery, in the Call, says:

Hogan's performance was a revelation to some and a disappointment to others. When he failed to knock Frayne out, many of the spectators groaned and immediately classed him as a flash in the pan performer. But the more conservative students of the game were agreed that Hogan showed wonderful judgment by the way he handled himself. He went the 20 rounds, held his lead throughout, took what punches Frayne had to offer and finished just as strong as when he entered the ring. He showed them all that he could go 20 rounds and that he had at his command punching ability, cleverness, speed, class and ring generalship.

Frayne displayed more gameness than any man who has put on a pair of nine ounce gloves in this city in many a long day. He proved to be one boxer in a thousand. Time after time, when Referee Eddie Hanlon had himself set to count time on the local lightweight, after a volley of punches from Hogan, Frayne just gritted his teeth and glued his feet to the floor. How he ever managed to weather the storm of those 20 furious rounds cannot be explained save by saying that Nelson has nothing on him for gameness or that the boxing game is not quite so brutal as its opponents would have the general public believe.

Frayne could have slipped down and taken the count on at least four or five occasions and nobody could have accused him of quitting but his grim determination, his marvelous gameness rebelled against this. He decided to stand up and box all the way, and he showed the large crowd present that the game of Queensberry is far from being a low, degraded game in which the lives of the contestants are in danger.

Hogan won because he was the better man in every department of the sport. He hit harder and more frequently than Frayne, he outboxed him, he was faster and he showed more evidence of ring generalship, despite his short career. His gameness is yet to be tested, for in yesterday's contest the "one round terror" did not have an opportunity to demonstrate this.

Hogan proved conclusively that he was the best lightweight California has turned out since the "old days" which run back ever so many years ago, perhaps 12 or 15 or 20. His punch might have been a little disappointing, but there is no telling what he had in store. He never tried very hard to put over the concluding wallop. He was satisfied to demonstrate to the crowd that he had it on the clever Frayne all the way.

### TOMMY BURNS AGAIN INJURED.

SEATTLE, Dec. 14.—Tommy Burns, former heavy weight champion pugilist of the world, was severely injured in the collision on the Seattle-Tacoma interurban railroad last night, and will be confined to bed for an indefinite period. His right arm and knee were violently wrenched, his head bruised, and it is feared the smaller bone of the right arm was fractured. Burns had not yet recovered from the injury to his left knee in a lacrosse game at Vancouver, and is now probably permanently incapacitated as a fighter.

## BRITISHERS WIN AT RUGBY

VANCOUVER, December 28.—In a hard fought intercollegiate match here yesterday between the Vancouver University and Stanford University teams of Rugby football players, Vancouver defeated the southern team.

The California varsity football team left San Francisco for British Columbia on December 20 on the steamer Queen to play the annual games with the northerners for the Rugby championship of the Pacific coast and for the possession of the Cooper-Keith championship trophy.

The Victoria Rugby union players will be the opposing team this year for the first time since these contests were started, as this union gained the right to defend the cup by defeating the Vancouver union in their annual game.

Three games have already been played for this trophy, Vancouver winning the championship in 1907 and Stanford in 1908. Last year California, the local champion, went down to defeat in two games out of the three, and the cup reverted to the Vancouver men.

The blue and gold team leaves on the steamship Queen at 2 o'clock, and will be in charge of Graduate Manager Milton Farmer. Coach Schaeffer and Assistant Trainer Volz will also accompany the team, which is made up of the following men:

Douglas, Markwart, H. Phleger, Malatesta, King, Dolan, Jordan, Elliott, C. A. Allen, Peart, S. A. Allen, Baker, Dwigins, Evans and Price.

The first game was played Monday afternoon, the second on Tuesday, December 27, and the final game will be played either on December 31 or January 2.

### JACK JOHNSON AGREES TO MEET UNKNOWN

CHICAGO, Dec. 17.—Jack Johnson, heavy weight champion, who will second his sparring partner, Walter Monahan, in the latter's bout with George "Kid" Cotton at Pittsburgh on Tuesday night yesterday said he had received an offer from a Pittsburgh athletic club asking if he would consent to box six rounds with an opponent whom the club would select on some night during the holidays. Having convinced himself by his workouts with Monahan that he is in pretty good shape, Johnson said he would agree to fight any one over the six round route if there were enough money in it.

"I am not afraid to step into the ring with any of them tomorrow over the six round route," Johnson said. "Just let them give me enough money to make it worth while and I will sign articles next week. My short bouts with Monahan have convinced me that it will take little work to fit me to go six fast rounds with any one the club selects."

### LONG TRAINING TRIP.

BOSTON, Dec. 18.—The longest spring training trip ever undertaken by a major league baseball team is indicated for the Boston American players by the itinerary announced today. The actual training will be done at a health resort between San Francisco and Los Angeles and sub-

sequent practice games on the return trip east, in which the squad will split into two teams, will be played in eight states.

The start will be made February 15, and the trip will last nearly two months. During their stay in California, the players will meet the Los Angeles and San Francisco teams of the Pacific coast league and others.

### UNIVERSITIES TIE.

The St. Denis was a freighter of 278 tons register and carried a crew of twenty-five.

## ENGINEERS ORDERED HERE

FORT LEAVENWORTH, Dec. 28.—Orders have been received here from the war department transferring Company I, of the Third Battalion of Engineers, U. S. A., to Honolulu, Hawaii, and arrangements are now under way to entrain the command.

The order comes as a surprise as it was the expectation of the officers and men to be sent to the Philippines for two years of service. The change to Hawaii is being received with a great deal of satisfaction.

At present Companies I, K, and L are stationed here, and it is considered probable that one of the remaining companies, after the departure of Company I, may be ordered to the Philippines to relieve either Company E or H, now stationed in those islands with headquarters in Manila.

Company G is now at Fort De Russy, near Honolulu, and the new order increasing the engineer force there is taken as an indication that the work of fortifying the Island of Oahu will be pushed as rapidly as possible.

### LOCK NEGRO IN VAULT TO SAVE LYNCHING.

WESTON, West Virginia, December 28.—A company of West Virginia militia is occupying the streets of this town in an effort to save a negro from lynching by a determined mob of farmers from this district. The negro is charged with criminal assault upon the daughter of a farmer near here.

To save the life of the wretched man he has been placed in the receiving vault of an express company, where it will be impossible for a mob to get at him without the use of heavy charges of dynamite, which would endanger the building and surrounding property if used.

### OFFICERS ARRESTED, CONSPIRACY CHARGED.

GARY, Indiana, December 28.—The mayor, chief of police and eight officials of this city have been arrested upon warrants charging conspiracy. The charge grows out of the bitter political fight which has been waging here for a long time. The specific charges are based upon an alleged combination to violate election laws during the recent November election. The accused have given bail. The arrests caused a sensation in this part of the State.

### MT. ETNA ACTIVE.

CATANIA, Italy, December 28.—Mt. Etna, across the Strait of Messina in Sicily, is in eruption, and the peasants are fleeing from the surrounding territory. No loss of life has been reported as yet.

### APPROVES PLANS.

WASHINGTON, December 27.—President Taft has approved the report of the army engineers for the various reclamation projects in the West, which are estimated will cost twenty million dollars.
